THE CENTRAL AMERICAN COLLECTION

It will soon be our privilege to offer an outstanding collection of Central American coins. Many of the great rarities will be present, as well as one of the most complete date selections ever assembled. If your collecting interest includes Central American coins, you will want to give this offering careful consideration.

WHERE ARE THE SCANDINAVIAN COINS?

If you noticed a paucity of coins listed herein from Denmark, Finland, and Norway, there is a good reason. We will have a table at MYNT-73 in Helsingborg, Sweden - and have reserved our stock of Scandinavian coins for that convention. In addition to MYNT-73, (May 4-6,) we plan to attend both the C.O.I.N. and Superior auctions in California. We will also have a table at the Long Beach show in June. If your numismatic plans bring you to any of these activities, please stop by and say hello.

WHEN YOU HAVE SOMETHING TO SELL

Like all numismatic firms, we are in constant need of new material to supplement our stocks. We are now in a position to purchase large holdings of foreign or United States coins. Of course, we are also in need of better single coins, and we are prepared to accept such items on consignment. Please contact us if you have something to sell. We promise a prompt reply and a fair offer. After all, nearly every coin we buy is subsequently offered for sale on a fixed price list. Our eventual retail prices are recorded in black and white.
